Help yourself vend

Providing an easy way to offer free period products in your premises.
Designed for use in any environment, from local schools to corporate offices.

Unlocking Choice and Convenience: Help Yourself Free Vend by PHS

At PHS our mission is to ensure that everyone can conveniently access essential sanitary products,
eliminating the stress of searching for what you need. Introducing the **Help Yourself Vend.**

Key features :

A compact unit to fit any size washroom.

Help tackle period poverty by offering free products.

This unit is suitable for distributing most period products Including Tampons,
Sanitary Pads, Menstrual Cups, and Reusable Pads/Underwear. All of which
can be purchased from **phs.**

For individual items without packaging, we've prominently displayed the
Toxic Shock Syndrome warning in bold print on both sides of the vending unit.

Whether you prefer boxed products or singular items,
our vending solutions offer an intuitive and user-friendly experience.

We understand that personal needs vary,
our product comes in two versatile versions
to cater to your specific preferences.

Whether you prefer the classic approach of
dispensing **boxed products** or the flexibility of
selecting **single items,** the Help Yourself Vend
offers a seamless and user-friendly experience.

Product Dimensions	Boxed Item Dispenser	Singular Item Dispenser
Height	250mm	380mm
Width	51.93mm	265mm
Depth	144.95mm	142mm

Why offer free period products?

While many of us would think that access to period products is a basic necessity, this is not always the case. In fact, a significant
proportion of people in today's modern society are either not able to afford or cannot access period products. This is known as
period inequality, sometimes called 'period poverty'. Businesses, and the public sector, all have a vital role to play in ending Period
Poverty in the UK. phs Group are here to support with an extensive range of period products, guidance, and support.
